Brian Kyle L. Salor

Virtual Assistant | Admin Support | Junior Web Support

Taguig City, Philippines | +63 970 540 6985 | briankylesalor02@gmail.com
Portfolio: https://brian-k05.github.io/Portfolio | LinkedIn: linkedin.com/in/briankylesalor | GitHub: github.com/Brian-K05

PROFESSIONAL SUMMARY

Reliable virtual assistant for admin support: inbox, calendar, documents, follow-ups, spreadsheets, and simple SOPs. Comfortable written English for email and chat; can explain ideas clearly in conversation. Based in Taguig; available for Philippine hours and US overlap. Also offers junior web/backend support (Laravel, Node.js, Python) when needed. BSIT, Leyte Normal University (June 2026). No prior paid VA clients yet — 486-hour IT internship at Machica Firm, Inc. (software + desktop/printer support), Rene AI VA Professional Training, and public demos (SlotBook, DeskFlow, PaperOut). Ready for a first long-term client with clear instructions and fast feedback.

WHAT I CAN DO

Admin VA: Inbox triage, calendar scheduling, document organization, follow-ups, data entry, spreadsheets, simple SOPs, appointment coordination
Communication: Professional email and chat; comfortable speaking to share ideas and updates (best after a short briefing)
Tools: Google Workspace (Gmail, Calendar, Drive, Docs, Sheets), Microsoft Office (Word, Excel), Canva basics, Slack, Zoom
Technical support: Desktop and printer support (TESDA CSS NC II), bug notes, developer handoff
Web (optional): PHP, JavaScript, Python, Laravel, Node.js/Express, Flask, REST APIs, MySQL, SQLite, HTML, CSS, Git/GitHub
AI tools: Use ChatGPT/Cursor to draft and check work; I review and own the final result

WORK EXPERIENCE

IT Intern (Software Development and Technical Support)

Machica Firm, Inc. | February 2026 – May 2026 | 486 hours

- Built and maintained a production insurance workflow with a co-intern (Node.js, REST APIs, authentication, Supabase); leadership approved deployment; three staff used it by internship end.
- Handled email, SMS, and spreadsheet automations (Gmail SMTP, Semaphore SMS, Excel reporting, document generation) with accurate records and clear updates.
- Provided office desktop and printer support when needed; practiced reliable follow-through on assigned admin and technical tasks.

SELECTED PROJECTS

SlotBook

Laravel, PHP, MySQL | slotbook-production.up.railway.app | github.com/Brian-K05/SlotBook

- Public booking demo: guests pick an open hour on the calendar; admin can confirm, cancel, or mark paid (status flag).

DeskFlow

Node.js, Express, SQLite | deskflow-w1n5.onrender.com | github.com/Brian-K05/Deskflow

- Public request-desk demo: clients see only their tickets; staff see all, update status, and export CSV.

PaperOut

Python, Flask, python-docx | web-production-97c62.up.railway.app | github.com/Brian-K05/PaperOut

- Public certificate demo: upload a CSV, get a ZIP of Word certificates plus an A4 proof (sample names only).

EDUCATION

Bachelor of Science in Information Technology (BSIT)

Leyte Normal University | 2022 – June 2026

CERTIFICATIONS

- Virtual Assistant Professional Training — Rene AI Academy | 29 October 2026 | reneai.work/verify/RVA-HLHLHDT8
- Computer Systems Servicing NC II (TESDA)
- Internship Completion Certificate — Machica Firm, Inc. | 486 hours

AWARDS

- Competence in Practicum Award

AVAILABILITY

Remote from Taguig, Philippines. Flexible schedule with US business-hours overlap available. Preferred start: admin VA; can add junior web tasks when useful.
